

sashiko snowflake ornament tutorial and pattern

sake puppets

Materials needed: 3" (7.6 cm) embroidery hoop, blue fabric, sashiko thread and needle, chalk transfer paper, glue, felt, scissors

Print this page. Transfer the snowflake pattern to fabric using chalk transfer paper. Stitch over the marked chalk lines using a sashiko stitch.
For help on how to sashiko, see sakepuppets.com/sashiko for a tutorial.

Center the stitched snowflake on your embroidery hoop and tighten the clasp. Wrap the excess fabric behind the hoop and clue it in place. Trace around the back of your embroidery hoop onto a piece of felt. Cut out this circle and clue it to the back of your hoop. Tie a ribbon around the hardware and hang!
